Press notices issued by many of NERC's Research Centres are also available on the Web. In particular, please see:

- [British Antarctic Survey](#)
- [British Geological Survey](#)
- [Centre for Ecology & Hydrology](#)
- [National Oceanography Centre](#)

Our press releases are also posted to the EurekaAlert web site, which provides journalists with access to news material, background briefings and contact addresses.

Also see the Research Councils UK website for information about joint research council activities.
