Redwood Valley, CA 95470

RE: Reported 2015 Usage

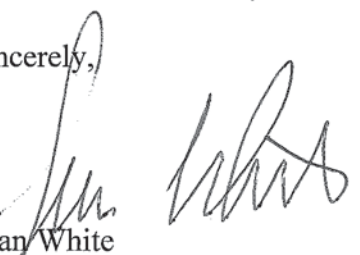

Bill:

After reviewing your reported use for June and your YTD total (approximately 700 af), it is apparent that the Redwood Valley CWD (Redwood) will exhaust the 790 af of surplus water available from the Mendocino County Russian River Flood Control and Water Conservation Improvement District (District) by the end of the month.

Once Redwood has reached 790 af of diversion, Redwood will need to find an alternative basis of right for continued diversions. The District would encourage you to contact other municipal contractors and see if there are opportunities for temporary transfers similar to what occurred in 2014.

Please let me know if you have any additional questions or comments regarding this issue.

Sincerely,

Sean White
