INCLUSIVE DATES 1948 1963

ARRANGEMENT Chronological

VOLUME 0.5 cubic foot

DESCRIPTION

This series consists of three bound volumes of the quarterly and annual reports, which are medical, scientific and administrative progress reports of the Medical Research Center. Each report has a general introduction and then is divided into the divisions of the Medical Center. Divisions include Medical Practice, Division of Pathology, Hospital Division, Division of Bacteriology, Division of Biochemistry, Division of Physiology, Division of Industrial Medicine, Genetics, Division of Physiology, and the Division of Medical Physics. Not all of these divisions are represented in each progress report. Some progress reports also have the activities of the Associated Universities, a list of officers and scientific staff, list of publications and papers presented. Some progress reports contain organizational charts, discussions of advisory committees and major facilities. Each of the sections contains information on research, medical, and scientific activities. The sections contain information on animal and human experimentation.
