### [Indie | Fukushima 1 nuke plant: Kurion's system leak was due to high pressure in one of the Cesium absorption chambers](#)

*June 16, 2011*

[0](#)

Indie | EX-SKF | 16 June 2011 Accordingly, the safety valve, called the “rupture disk”, ruptured as designed to release the pressure and let the water flow out, according to Asahi Shinbun (in Japanese; 12:01PM JST 6/17/2011). Why did the pressure go up in that particular set of towers (most upstream of the 4 sets)? Because a... [\[Read more...\]](#)

### [JAPAN | Radioactive water still threatens to overflow](#)

*June 16, 2011*

[0](#)

JAPAN | NHK | Thursday, June 16, 2011 20:24 +0900 (JST) The operator of the Fukushima Daiichi nuclear plant is under pressure to ensure the flawless operation of a system to decontaminate radioactive water, which threatens to overflow. More than 110,000 tons of the highly radioactive water has accumulated in the nuclear complex. The amount is... [\[Read more...\]](#)

### [UK | Groups seek delay in Westinghouse reactor approval](#)

*June 16, 2011*

USA | WALL STREET JOURNAL | JUNE 16, 2011, 7:37 P.M. ET KASHIWA, Japan—Yuki Osaku worried about the welfare of her 1-year-old and 3-year-old boys after a series of explosions rocked Japan's Fukushima Daiichi nuclear-plant complex in mid-March. But her parents and husband told her she was overreacting—their suburb of Tokyo is 124 miles away from... [\[Read more...\]](#)

## [JAPAN | Yokohama checks school lunches for radiation](#)

*June 16, 2011*

[0](#)

JAPAN | NHK | Thursday, June 16, 2011 18:09 +0900 (JST) Yokohama City, located hundreds of kilometers from the Fukushima Daiichi nuclear plant, has begun radiation testing of vegetables for school lunches. The city started the tests on Thursday in response to parents' concerns about whether food served in school is safe for their children, given... [\[Read more...\]](#)

## [QUATAR | Fukushima: It's much worse than you think](#)

*June 16, 2011*

QUATAR | AL JAZEERA | 16 Jun 2011 12:50 Many Japanese citizens are now permanently displaced from their homes due to the Fukushima nuclear disaster [GALLO/GETTY] "Fukushima is the biggest industrial catastrophe in the history of mankind," Arnold Gundersen, a former nuclear industry senior vice president, told Al Jazeera. Japan's 9.0 earthquake on March 11... [\[Read more...\]](#)

## [JAPAN | Evacuation urged for radioactive hot spots](#)

*June 16, 2011*

[0](#)

JAPAN | JAPAN TIMES | Thursday, June 16, 2011 The government decided Thursday to encourage the evacuation of residents living in radioactive hot spots outside the no-entry zone around the

Fukushima No. 1 nuclear plant. In-depth monitoring by the government found the hot spots outside the 20-km evacuation zone in numerous places, including in Date and... [\[Read more...\]](#)

## [UK | Japan: Tepco to build sarcophagus over Fukushima reactor](#)

*June 16, 2011*

[0](#)

UK | TELEGRAPH | Thursday 16 June 2011 The operator of the Fukushima Dai-Ichi nuclear plant has announced plans to construct a shroud over one of the reactor buildings, a stop-gap measure until a more permanent solution can be found, such as entombing the facility in concrete. A similar concrete sarcophagus was built over the remains... [\[Read more...\]](#)

## [JAPAN | Coordination holds key to successful nuclear plant water treatment](#)

*June 16, 2011*

[0](#)

JAPAN | MAINICHI | June 16, 2011 Japan is set to start operating a system to treat contaminated water at the crippled Fukushima No. 1 Nuclear Power Plant, a project whose success depends on coordination among the five companies involved in the huge project. "We are moving towards full-fledged operations as scheduled. But the biggest worry... [\[Read more...\]](#)
