## Relevant Documents and Links

### "Foundational" Publications

- [Optimizing Cloud Seeding for Water and Energy in California](#), March 2006
- [Feasibility of Snowpack Enhancement from Colorado Winter Mountain Clouds: Emphasis on Supercooled Liquid Water and Seeding with Silver Iodide and Propane](#) - September 2005
- [Potential Water Augmentation from Cloud Seeding in the Colorado River Basin](#), April 2006
- [Evaluation of the Bridger Range Winter Cloud Seeding Experiment Using Control Gages](#), 1983
- [Further Exploratory Analysis of the Bridger Range Winter Cloud Seeding Experiment](#), 1986
- [Microphysical Effects of Wintertime Cloud Seeding with Silver Iodide over the Rocky Mountains. Part II: Observations over the Bridger Range, Montana](#), 1988.
- [Randomized Propane Seeding Experiment, Wasatch Plateau, Utah, 2005 \(shorter version\)](#)

### Other Relevant Publications

The following "success stories" scientifically demonstrate the viability of winter cloud seeding, providing some of the "bedrock" of our guiding philosophy and mission.

- [The Area of Maximum Effect Resulting from the Lake Almanor Randomized Cloud Seeding Experiment](#), 1969.
- [Assessment of seeding effects in snowpack augmentation programs: Ice nucleation and scavenging of seeding aerosols](#), 1995.
- [How the transport and dispersion of AgI aerosols may affect detectability of seeding effects by statistical methods](#), 1995.
- [Summary of Studies that Document the Effectiveness of Cloud Seeding for Snowfall Augmentation, 2006](#).
- [Another Wintertime Cloud Seeding Case Study with Strong Evidence of Seeding Effects](#), 2007.
