Publications

Below are links to publications that have used NEODAAS services and/or data.

If you have used NEODAAS services and/or data towards any publication, please acknowledge this using: 'The authors thank the NERC Earth Observation Data Acquisition and Analysis Service (NEODAAS) for supplying data for this study' and then email NEODAAS (info@neodaas.ac.uk) with the details. The service relies on users' publications as one measure of success.
