Southern UK and northern France, aircraft contrails

Image ID	709
Acquisition date	2008-02-10
Over head time	11:57:00
Sensor	modis
Channel(s)	1,4,3

This image shows a heavy concentration of aircraft contrails over the southern UK and northern France. Contrails are also visible in cloud off western Ireland and lee waves can be seen over Ireland and Scotland. Areas of coastal and valley fog as well as sediment from river runoff are also evident.
