**SIGNS & SYMPTOMS OF EXPOSURE:** Dust may cause reddening, drying of affected area with possible burning or other discomfort. Irritation of the upper respiratory tract and/or eyes.

**MEDICAL CONDITIONS AGGRAVATED by EXPOSURE:** Existing respiratory and allergic conditions

**FIRST AID TREATMENT:**
- **Eyes:** Flush with water or approved eye wash and obtain medical assistance if irritation persists.
- **Skin:** Clean thoroughly with large amount of water.
- **Inhalation:** Move to fresh air source. If discomfort continues, consult a physician.

SECTION VII - PRECAUTIONS FOR SAFE HANDLING AND USE

**SPILL PROCEDURE:** Collect material and avoid flushing with water if possible. Polymer becomes slippery if flushed with water.

**DISPOSAL:** Waste can be gathered and disposed of in accordance with existing local, state and federal environmental regulations. Nonhazardous material suitable for approved solid waste landfills

**PRECAUTIONS FOR SAFE STORAGE & HANDLING:** Avoid eye contact. Avoid prolonged or repeated skin contact. Do not inhale. Do not ingest. Store in a cool, dry place. Close bags or container when not in use.

**OTHER PRECAUTIONS:** Dusty conditions may irritate the eyes and respiratory system. Wear safety goggles and nuisance dust mask where dust is created.

SECTION VII - CONTROL MEASURES

**RESPIRATION:** Use high efficiency filter mask for dust particle levels above 0.05 mg/m³.

**VENTILATION:** Local exhaust to remove airborne particles.

**PROTECTIVE GLOVES:** Recommended

**EYE PROTECTION:** Safety glasses or goggles.

**OTHER PROTECTION:** None

**HYGIENIC PRACTICES:** Wash thoroughly after handling.
