Section 1: Emissions

Carbon Monoxide emissions:

Nitrogen Oxides emissions:

PM-2.5 emissions:

Nitrogen Oxides emissions, ozone season daily average:

PM-10 emissions:

Sulfur Dioxide emissions:

Volatile Organic Compound emissions:

Volatile Organic Compound emissions, ozone season daily average:

Section 2: Exposures

Air Quality Index:

Carbon Monoxide 1-hour average concentration:

Carbon Monoxide 8-hour average concentration:

Nitrogen Dioxide annual average concentration:

Ozone 1-hour average concentration:
Ozone 8-hour average concentration:

PM-2.5 24-hour average concentration:

PM-2.5 annual average concentration:

PM-10 24-hour average concentration:

PM-10 annual average concentration:
